

Trinidad and Tobago

Commitment to Human Capital - Scorecard

This scorecard presents a snapshot of the country's commitment to the human capital agenda and presents information on how the World Bank Group is supporting the government in the social sectors.

In Trinidad and Tobago the productivity as a future worker of a child born today is **61 percent** as much as it could be. The HCI has three components: survival to age 5, health, and education. For more information on human capital outcomes and the HCI, please see the country two-pager on www.worldbank.org/humancapitalproject

- **Social Protection Spending.** In Trinidad and Tobago, data on social protection spending do not exist. The average for the country's region is 10.7 percent and for its income group is 10.5 percent.

KEY OUTCOME AND OUTPUT INDICATORS TO MONITOR

- **Women, Business and the Law Index.** This index measures gender inequality in the law and identifies barriers to women's economic participation, and a larger value shows higher gender equity. In Trinidad and Tobago, the value is **78** out of 100. This is lower than both the average for its region (79) and the average for its income group (83).
- **Net Enrolment Rate in Secondary School.** In Trinidad and Tobago, **75 percent** of girls of secondary-school age are enrolled in secondary school. This is lower than both the average for its region (77) and the average for its income group (91).
- **Total Fertility Rate.** In Trinidad and Tobago, the total fertility rate is **1.7**. This is lower than both the average for its region (2.1) and the average for its income group (1.7).
- **Adolescent Fertility Rate.** In Trinidad and Tobago, there are **30 births** per 1,000 women ages 15-19. This is lower than the average for its region (57) but higher than the average for its income group (14).
- **Contraceptive Prevalence.** In Trinidad and Tobago, **40 percent** of women ages 15-49 uses some form of contraceptive method. This is lower than both the average for its region (64) and the average for its income group (65).
- **Social Protection Coverage** In Trinidad and Tobago, data on the percentage of the population that is covered by social safety nets do not exist. The average for the country's region is 58 percent and for its income group is 58 percent.
- **Open Defecation.** In Trinidad and Tobago, **0 percent** of the population practices open defecation. This is lower than the average for its region (3) but higher than the average for its income group (0).

DOMESTIC RESOURCE USE AND MOBILIZATION

Trinidad and Tobago is not part of a network of countries committed to the Human Capital agenda.

- **Health Spending.** Trinidad and Tobago spends **9.7 percent** of its government budget on health. This is lower than both the regional average (13.3) and the average for its income group (14.4).
- **Education Spending.** Trinidad and Tobago spends **13.9 percent** of its government budget on education. This is lower than the average for its region (16.3) but higher than the average for its income group (12.7).

Key Indicators on Human Capital

Human Capital Index

Women, Business, and the Law Index

Female Net Enrollment Rate for Secondary School

Total Fertility Rate

Adolescent Fertility Rate

Contraceptive prevalence (any methods)

Social Protection Coverage

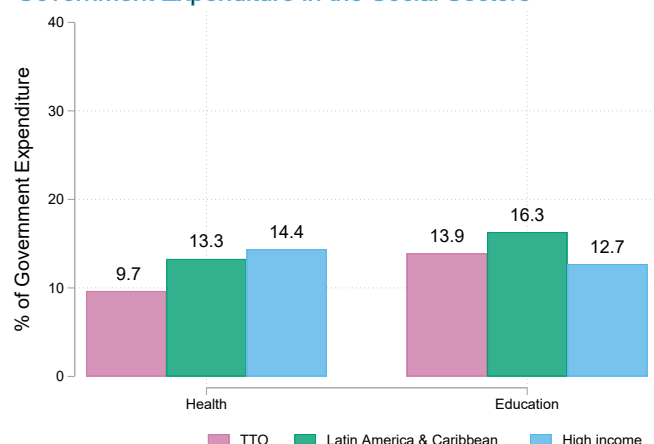

Percentage that does not practice Open Defecation

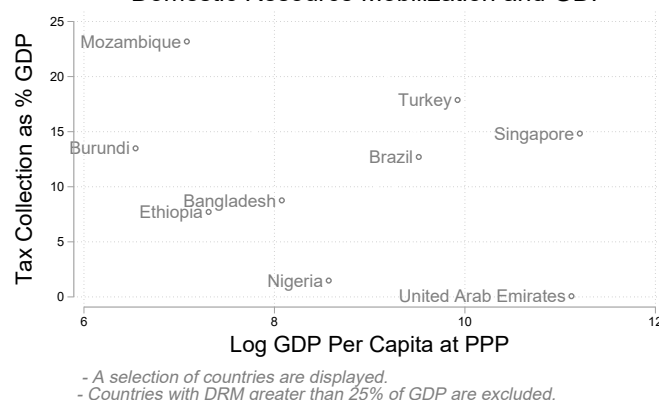

- Large circle=Trinidad and Tobago ; small circles=other countries.
- Vertical lines separate terciles of the distribution.
- Pink/light blue=1st tercile; orange/gray=2nd tercile; green/blue=3rd tercile

Government Expenditure in the Social Sectors

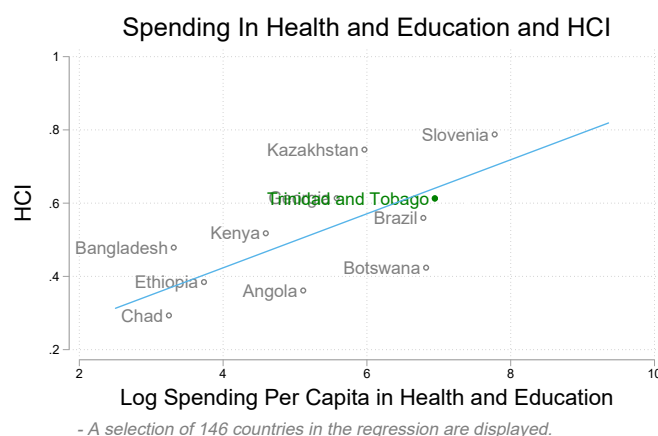

Domestic Resource Mobilization and GDP

OTHER RELEVANT INDICATORS

- **Efficiency of Spending.** Given the lack of data, it is not possible to predict if the HCI in Trinidad and Tobago is higher or lower than what would be predicted for its level of per capita spending.

- **Building Human Capital.** In Trinidad and Tobago, data on the Country Policy and Institutional Assessment rating for building human resources do not exist. The average for the country's region is 3.9 percent and for its income group is . percent. This indicator assesses the national policies and public and private sector service delivery that affect access to and quality of health and education services.

- **Identification** In Trinidad and Tobago, .8 percent of the population does not have proof of identity. This is lower than both the regional average (7.6) and the average for its income group (12.4).

- **Statistical Data on Human Capital** In Trinidad and Tobago, the latest available data on stunting rates is from 2011. Similarly, the last available data point on Harmonized Learning Outcomes is from 2015.

- **Domestic Resource Mobilization.** The tax revenue in Trinidad and Tobago is 27.2 percent of GDP. This is higher than both the regional average (17.9) and the average for its income group (19.3).

HOW IS THE WORLD BANK SUPPORTING THE EFFORT?

The following table summarizes the World Bank's investments in Human Development for Ethiopia, including measures of volume, performance, and other relevant indicators.

World Bank Investments in HD

| Indicator | HD | Edu | HNP | SPJ |
|--|----|-----|-----|-----|
| HD Portfolio | | | | |
| USD (million) | . | . | . | . |
| Percentage of total | . | . | . | . |
| Diff. with perc. for regional average | . | . | . | . |
| Diff. with perc. for income group avg | . | . | . | . |
| HD FY 20 Lending Program | | | | |
| USD (million) | . | . | . | . |
| Percentage of total | . | . | . | . |
| Diff. with perc. for regional average | . | . | . | . |
| Diff. with perc. for income group avg | . | . | . | . |
| HD Performance | | | | |
| Average Development Outcome (DO) | . | . | . | . |
| Difference with DO for region | . | . | . | . |
| Difference with DO for income group | . | . | . | . |
| Perc. Satisfactory DO | . | . | . | . |
| Average Implementation Progress (IP) | . | . | . | . |
| Difference with IP for region | . | . | . | . |
| Difference with IP for income group | . | . | . | . |
| Perc. Satisfactory IP | . | . | . | . |
| Disbursement ratio (DR) | . | . | . | . |
| Difference with DR for region | . | . | . | . |
| Difference with DR for income group | . | . | . | . |
| Other indicators | | | | |
| Average project size (PS) (USD mill.) | . | . | . | . |
| Difference with PS for region | . | . | . | . |
| Difference with PS for income group | . | . | . | . |
| Perc. of portfolio that is co-TTL'd (CTT) | . | . | . | . |
| Diff. with CTT for region (perc. points) | . | . | . | . |
| Diff. with CTT income group (perc. points) | . | . | . | . |

Note: a) **Pink** indicates that the value is within the first tercile of the distribution for all the countries. **Orange** indicates that the value is within the second tercile. **Green** indicates that it is within the third tercile. b) FY20 lending program includes only projects rated A, B and unrated. c) DO and IP are on a scale of 1 to 5 where 1 is Unsatisfactory and 5 is Highly Satisfactory. d) Data as of July 15, 2019.

This scorecard is intended to be a conversation starter on where a country is on various aspects of human capital development and the state of the World Bank's support in the social sectors. The choice of indicators is, to a large extent, driven by what is most relevant for the two Regions with the lowest HCI scores (Africa and South Asia). As such, not all the indicators included here are relevant for each country. The scorecard should be complemented with other more context specific indicators.

The sources of data for the different indicators include: the Human Capital Project, the World Development Indicators, and the World Bank's internal system to monitor investments.

For more information, please contact the Human Capital Project team: HCP_Team@worldbank.org
