

Kyrgyz Republic

Commitment to Human Capital - Scorecard

This scorecard presents a snapshot of the country's commitment to the human capital agenda and presents information on how the World Bank Group is supporting the government in the social sectors.

In Kyrgyz Republic the productivity as a future worker of a child born today is **58 percent** as much as it could be. The HCI has three components: survival to age 5, health, and education. For more information on human capital outcomes and the HCI, please see the country two-pager on www.worldbank.org/humancapitalproject

KEY OUTCOME AND OUTPUT INDICATORS TO MONITOR

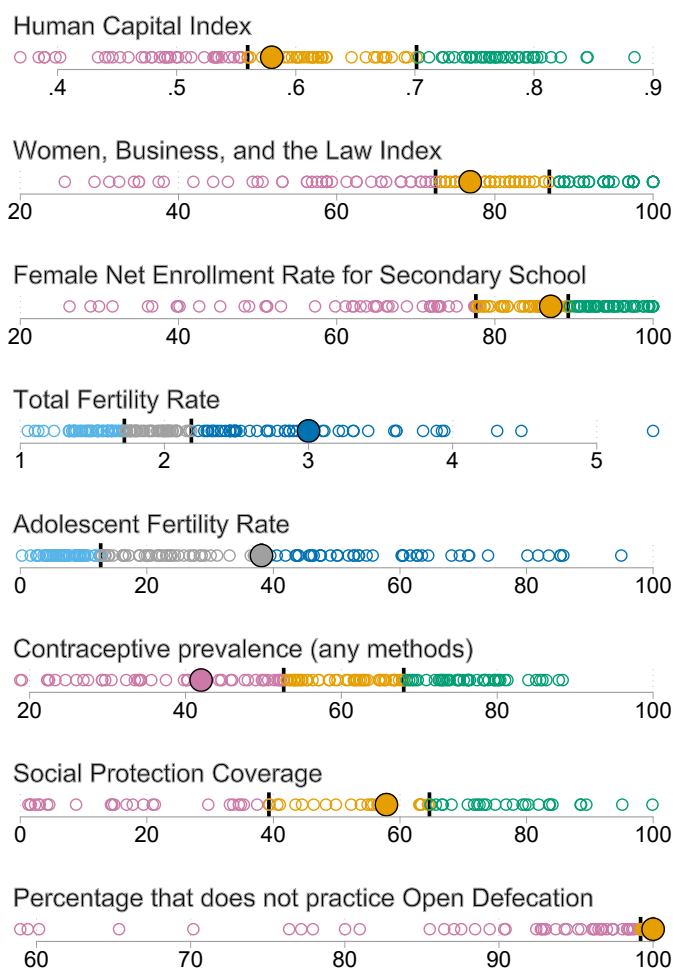

- **Women, Business and the Law Index.** This index measures gender inequality in the law and identifies barriers to women's economic participation, and a larger value shows higher gender equity. In Kyrgyz Republic, the value is **77** out of 100. This is lower than the average for its region (90) but higher than the average for its income group (69).
- **Net Enrolment Rate in Secondary School.** In Kyrgyz Republic, **87 percent** of girls of secondary-school age are enrolled in secondary school. This is lower than the average for its region (91) but higher than the average for its income group (58).
- **Total Fertility Rate.** In Kyrgyz Republic, the total fertility rate is **3**. This is higher than the average for its region (1.8) but lower than the average for its income group (3.1).
- **Adolescent Fertility Rate.** In Kyrgyz Republic, there are **38** births per 1,000 women ages 15-19. This is higher than the average for its region (16) but lower than the average for its income group (55).
- **Contraceptive Prevalence.** In Kyrgyz Republic, **42 percent** of women ages 15-49 uses some form of contraceptive method. This is lower than both the average for its region (64) and the average for its income group (49).
- **Social Protection Coverage** In Kyrgyz Republic, **58 percent** of the population is covered by social safety net programs. This is lower than the average for its region (67) but higher than the average for its income group (35).
- **Open Defecation.** In Kyrgyz Republic, **0 percent** of the population practices open defecation. This is lower than both the average for its region (0) and the average for its income group (13).

DOMESTIC RESOURCE USE AND MOBILIZATION

Kyrgyz Republic is part of a network of countries committed to the Human Capital agenda.

- **Health Spending.** Kyrgyz Republic spends **6.6 percent** of its government budget on health. This is lower than both the regional average (12.5) and the average for its income group (7.7).
- **Education Spending.** Kyrgyz Republic spends **17.4 percent** of its government budget on education. This is higher than both the regional average (12.2) and the average for its income group (15.7).
- **Social Protection Spending.** Kyrgyz Republic spends **17.6 percent** of its government budget on social protection. This is higher than both the regional average (12.9) and the average for its income group (9.3).

Key Indicators on Human Capital

- Large circle=Kyrgyz Republic ; small circles=other countries.
 - Vertical lines separate terciles of the distribution.
 - Pink/light blue=1st tercile; orange/gray=2nd tercile; green/blue=3rd tercile

Government Expenditure in the Social Sectors

- **Efficiency of Spending.** The HCI in Kyrgyz Republic is **higher** than what would be predicted for its level of per capita spending on the social sectors.

- **Domestic Resource Mobilization.** The tax revenue in Kyrgyz Republic is **17.4 percent** of GDP. This is lower than the average for its region (19.6) but higher than the average for its income group (15.6).

OTHER RELEVANT INDICATORS

- **Building Human Capital.** The Country Policy and Institutional Assessment rating for building human resources in Kyrgyz Republic is **4** (1 is low and 6 is high). This is higher than both the regional average (3.8) and the average for its income group (3.6). This indicator assesses the national policies and public and private sector service delivery that affect access to and quality of health and education services.
- **Identification** In Kyrgyz Republic, **2.3 percent** of the population does not have proof of identity. This is lower than both the regional average (8) and the average for its income group (20.3).
- **Statistical Data on Human Capital** In Kyrgyz Republic, the latest available data on stunting rates is from 2014. Similarly, the last available data point on Harmonized Learning Outcomes is from 2017.

HOW IS THE WORLD BANK SUPPORTING THE EFFORT?

The following table summarizes the World Bank's investments in Human Development for Ethiopia, including measures of volume, performance, and other relevant indicators.

World Bank Investments in HD				
Indicator	HD	Edu	HNP	SPJ
HD Portfolio				
USD (million)	36	0	36	0
Percentage of total	10	0	10	0
Diff. with perc. for regional average	-2	-4	+4	-3
Diff. with perc. for income group avg	-8	-5	+3	-6
HD FY 20 Lending Program				
USD (million)	0	0	0	0
Percentage of total	0	0	0	0
Diff. with perc. for regional average	-19	-10	-6	-4
Diff. with perc. for income group avg	-25	-13	-6	-6
HD Performance				
Average Development Outcome (DO)	4	.	4	.
Difference with DO for region	+0.81	.	+0.93	.
Difference with DO for income group	+0.54	.	+0.52	.
Perc. Satisfactory DO	100	.	100	.
Average Implementation Progress (IP)	3	.	3	.
Difference with IP for region	-0.08	.	-0.21	.
Difference with IP for income group	-0.23	.	-0.27	.
Perc. Satisfactory IP	50	.	.	50
Disbursement ratio (DR)	68	.	68	.
Difference with DR for region	+44	.	+43	.
Difference with DR for income group	+31	.	+35	.
Other indicators				
Average project size (PS) (USD mill.)	18	0	18	0
Difference with PS for region	-46	-35	-43	-24
Difference with PS for income group	-96	-76	-77	-97
Perc. of portfolio that is co-TTLd (CTT)	0	.	0	.
Diff. with CTT for region (perc. points)	-15	.	-7	.
Diff. with CTT income group (perc. points)	-22	.	-21	.

Note: a) **Pink** indicates that the value is within the first tercile of the distribution for all the countries. **Orange** indicates that the value is within the second tercile. **Green** indicates that it is within the third tercile. b) FY20 lending program includes only projects rated A, B and unrated. c) DO and IP are on a scale of 1 to 5 where 1 is Unsatisfactory and 5 is Highly Satisfactory. d) Data as of July 15, 2019.

This scorecard is intended to be a conversation starter on where a country is on various aspects of human capital development and the state of the World Bank's support in the social sectors. The choice of indicators is, to a large extent, driven by what is most relevant for the two Regions with the lowest HCI scores (Africa and South Asia). As such, not all the indicators included here are relevant for each country. The scorecard should be complemented with other more context specific indicators.

The sources of data for the different indicators include: the Human Capital Project, the World Development Indicators, and the World Bank's internal system to monitor investments.

For more information, please contact the Human Capital Project team: HCP_Team@worldbank.org
